

**Kelling to Lowestoft Ness  
Shoreline Management Plan**

**Final Report  
Supporting Appendices**

August 2012

## Supporting Appendices

### Contents

<b>A: SMP Development</b>	Provides a full explanation of the Shoreline Management Plan process adopted. A description of the policy decision-making process and outlines the chronology of the SMP development. (Updated August 2012)
<b>B: Stakeholder Engagement</b>	Communications from the stakeholder process are provided here, together with information arising from the consultation process. Consideration of the SEA and second SEA consultation are detailed in the Statement of Environmental Particulars.
<b>C: Baseline Process Understanding</b>	Includes baseline process report, defence assessment, No Active Intervention (NAI) and With Present Management (WPM) assessments and summarises data used in assessments.
<b>D: Thematic Studies</b>	This report identifies and evaluates the environmental features (human, natural, historical and landscape).
<b>E: Issues &amp; Objective Evaluation</b>	Provides information on the issues and objectives identified as part of the Plan development, including appraisal of their importance.
<b>F: Policy Development and Appraisal</b>	Presents the consideration of generic policy options for each frontage, identifying possible acceptable policies, and their combination into 'scenarios' for testing. Also presents the appraisal of impacts upon shoreline evolution and the appraisal of objective achievement.
<b>G: Preferred Policy</b>	Presents the policy assessment and appraisal of objective achievement for the Plan.
<b>H: Economic Appraisal</b>	Presents the economic analysis undertaken in support of the Plan.
<b>I: Sources of Data</b>	All supporting information used to develop the SMP is referenced for future examination and retrieval.
